

# Hey.

## Don't write yourself off yet.

---

Just try your best

---

Try everything you can

---

And don't you worry  
what they tell themselves,  
when you're away

---

It just takes some time

---

Little girl, you're in the  
middle of the ride

---

Everything, everything'll  
be just fine

---

Everything, everything'll  
be alright, alright

---

Hey, you know they're all  
the same

---

You know you're doing  
better on your own

---

So don't buy in

---

Live right now

---

Yeah, just be yourself

---

It doesn't matter if it's  
good enough for  
someone else
